LONDON'S ROYAL DOCKS

VENUE HIRE FOR ALL YOUR WATERSPORTS

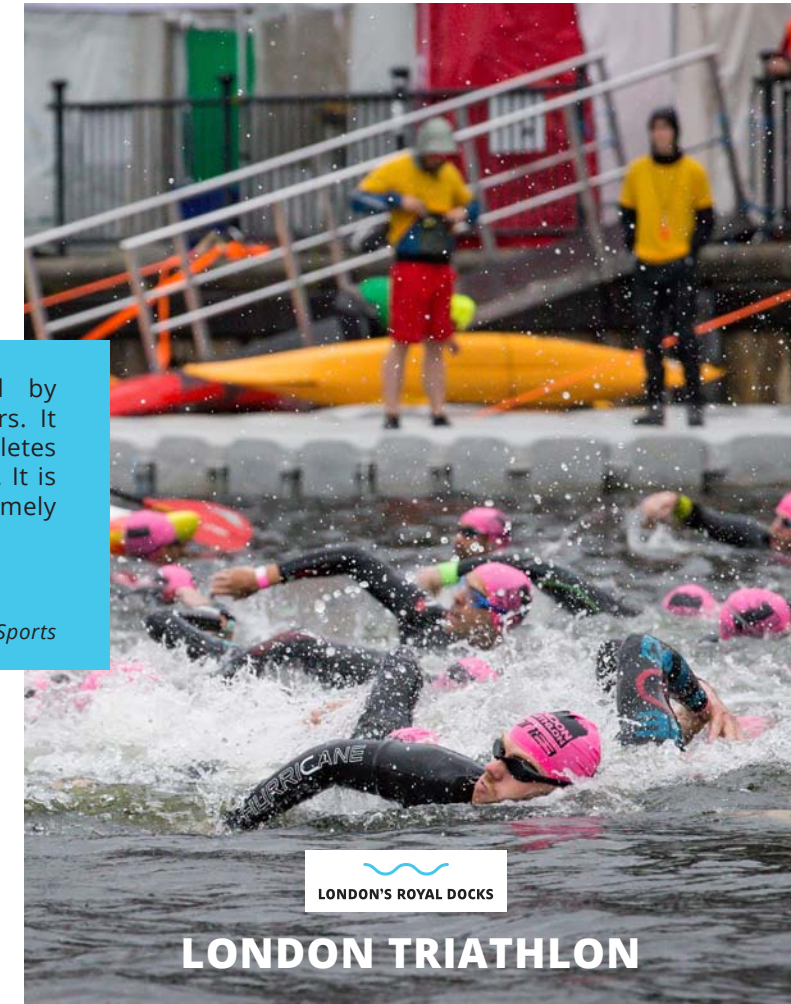

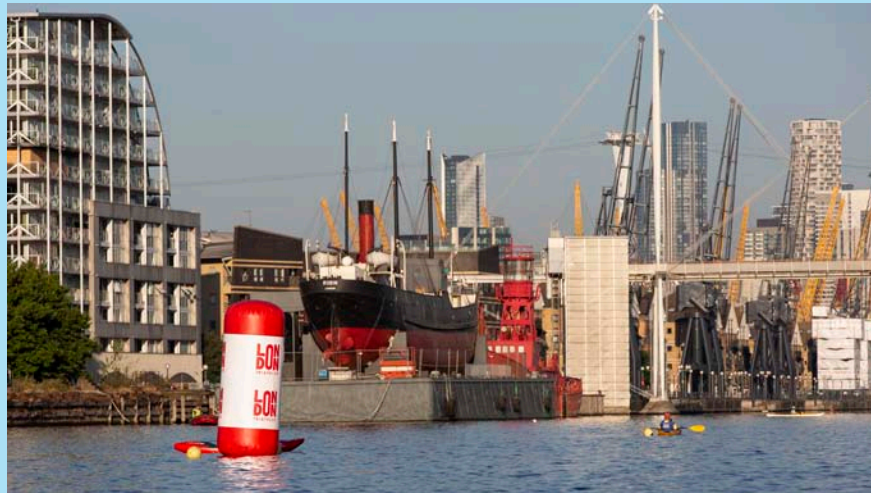

London's Royal Docks are the largest enclosed docks in the world. Connected to the River Thames by a 243m lock, the Docks are over 4km long and can reach depths of up to 13 metres.

The Royal Docks were once home to multiple iron clad steamships servicing London. They are now home to the most exciting regeneration zone in London, with a series of exciting projects which will be delivered over the next 15 years.

Arriving by cable car from Greenwich, you will see City Hall, formally known as the 'Crystal'. This is one of the worlds greenest and most highly sustainable buildings. This is an amazing area to take a stroll around the dock edge to watch the arrival of big ships and watersport activities. It is surrounded by hotels and restaurants where you will find a good selection of places to stop off for a bite to eat and drink.

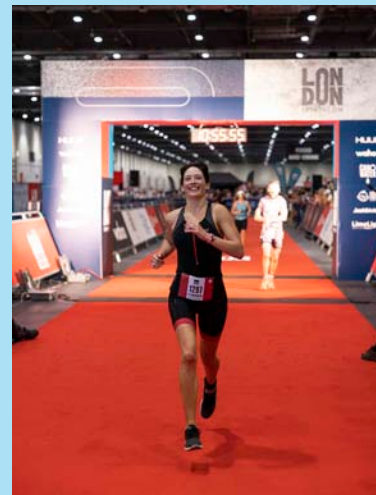

London's Royal Docks

"London Triathlon has been hosted by London's Royal Docks for over 20 years. It provides a fantastic swim start for our athletes embarking on their triathlon challenges. It is safe, clean and RoDMA are always extremely helpful and welcoming.

We can't wait to return in 2023!"

Hannah Clark, Limelight Sports

OPEN WATER SWIMMING

"I have had the pleasure of working with the Team at RoDMA over many years. We started running open water swimming in Royal Victoria Dock in 2014 and without the guidance and support of this Team, the community wouldn't be able to enjoy swimming in this historic and unique place. We started our sessions with just a small pontoon and have grown considerably in size and membership base and with the support of RoDMA, host a number of events including our annual flagship swim event the Dock2Dock. There is a strong sense of community around the docks, we are proud to be a small part of it and our swimmers all say it is their favourite place to swim."

Rick Kiddle, Love Sports Events

FLOATING STUDIO AND FILM LOCATION

Lightship 93 is a former Trinity House light vessel. Built in 1938 in riveted steel she is 134 feet long (just over 40 meters) with a beam of 25 feet. The ship retired from lighthouse service in 2004 and she has since been taken to the London docklands by photographer Michele Turriani and sympathetically converted into a studio and location for photography and filming.

The ship offers different environments with distinctive characters, ranging from the raw riveted steel of the former machine room to the cosy spaces of the gallery and mess room. The crew's cabins have been preserved with their original furnishings. There are many original features on the 2 inch teak deck including bitts, ropes, and steel chain. The tower and wheelhouse offer spectacular views over the Royal Docks and Millennium Mills.

FILMING VENUE, PHOTOGRAPHY STUDIO AND EVENT HIRE

CONFERENCE SPACE AND FILMING VENUE

City Hall has relocated to the Royal Docks in Newham, East London. The building, formerly known as The Crystal, is a highly sustainable and architecturally significant building. It is now home to the Mayor of London, London Assembly and the Greater London Authority.

The building provides bright, modern spaces perfect for a range of high-profile events. The public areas are located at ground level for ease of access. London's Living Room will impress guests with views over the historic Royal Docks.

Excellent transport links via the DLR, Jubilee Line and soon to open Elizabeth Line, makes City Hall an ideal conference venue. For international delegates, City Hall is located just 15 minutes from London City Airport.

CITY HALL

STRIKING MODERN, GLASS & STEEL STRUCTURE, WITH FLEXIBLE SPACES

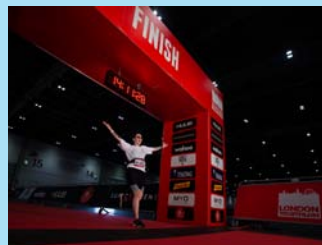

A WORLD LEADING EVENTS VENUE

ExCeL London offers an abundance of flexible spaces and services making it a top choice for consumer shows, trade shows and business meetings as well as attractions and special events. Since opening in November 2000, ExCeL hosts over 400 events, welcomes 40,000 exhibiting companies and over 4 million people every year from across the globe.

Based in Royal Victoria Dock, ExCeL and the Royal Docks is an excellent place to hold your event if it requires both land and water. Some great examples of land/water based events that have taken place here in the docks are the London Triathlon, the London Rat Race, the London Boat Show, Oceanology and DSEI. The docklands also welcomes countless hospitality vessels arriving off the Thames bringing clients from Central London aboard one of the capital's luxury river yachts for an event being held at ExCeL.

THE GOOD HOTEL A UNIQUE FLOATING VENUE IN LONDON'S ROYAL DOCKS

THE SUNBORN YACHT - AN ALL IN ONE VENUE

Located next to Excel London, the Sundown Bar greets its clientele with a sparkling atmosphere that oozes sophistication and indulgence. Offering stunning views over Canary Wharf and the O2 Arena London, the Sundown Bar at Sunborn London is nothing short of breath taking. Classy, yet cutting-edge and modern, upscale, but still chilled, a place where you can experience the art of fine living in the most natural way possible.

The bar itself offers a wide array of the finest and most exclusive spirits and wines. Partnering up only with high-end distilleries and established names, it brings on the menu some of the finest drinks in London. With the fantastic talent of our mixologists, these are turned into delicious concoctions, the finest you can enjoy near Canary Wharf and the Docklands.

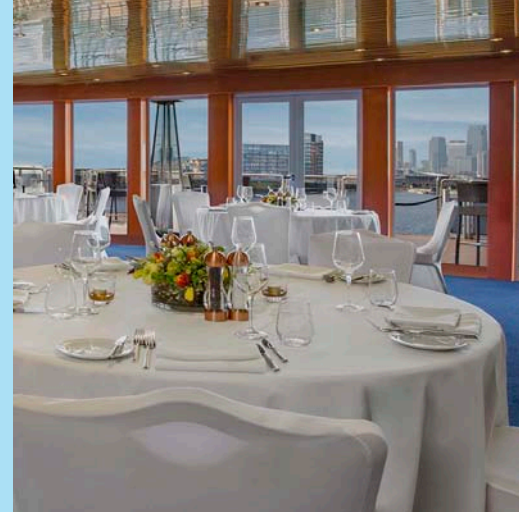

At the Sundown Bar, on the third deck, you'll encounter the charm of meeting a friend or the novelty of making new acquaintances in a whole different light. Might it be because of stunning sunsets or perhaps it's courtesy of the highly experienced team.

Be amazed by the ambiance inside while you gaze blissfully at the panoramic views outside. Watch planes take off and land at city airport with a glass in hand, of course, sipping from the magic alchemy created by the top-notch bartenders. Enjoy a heavenly coffee while you let your mind travel through the crescendos of the city. Turn every sunset into a startling experience for your senses...
